

Collaborator Suite: Advancing MTSS with AI

BRANCHING MINDS

Meeting Assistant Low Prep, High Impact Meetings

The Branching Minds Meeting Assistant is a groundbreaking solution that simplifies intervention meetings by reducing the time spent on meeting preparation and note taking, allowing you to focus on student outcomes.

90% of district administrators report more effective meetings

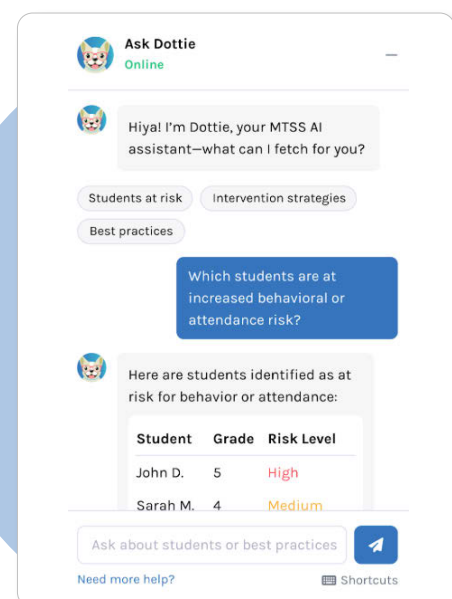

43 minutes of meeting prep time saved on average

Meet Dottie, Your MTSS Virtual Assistant Content-Aware MTSS Responses, Not Just Generic AI

Dottie fetches available data while infusing MTSS best practices providing educators with answers to their most pressing student support questions.

The MTSS Tools Your Teams Have Been Waiting For:

- ✓ Automatically create meeting agendas and custom chatbot queries.
- ✓ Ask Dottie to fetch data about students with shared needs and surface trends, outliers, and comparisons across your MTSS data – insights you can't get from a traditional AI chatbot.
- ✓ Ensure your team is using the most effective strategies, with built-in best practices in every AI response.

Dottie, the AI assistant that helps you connect the dots!

Peace of Mind with Branching Minds AI

Built to meet the most sophisticated district AI standards

Your Data Never Leaves Branching Minds

Our AI functionality is FERPA-compliant and never uses student data to train external AI models.

Objective, Non-Biased Language

Our AI returns objective language — even on sensitive topics — while protecting the privacy of all students.

Top-Tier Privacy Certifications

- ✓ SOC 2 Type II Certified
- ✓ FERPA-compliant
- ✓ NIST 2.0 Cybersecurity Framework-Aligned

WHAT EDUCATORS ARE SAYING

I love the Branching Minds Meeting Assistant because it helps meetings function better. It is everything you need during meetings."

Ronda French, Assistant Director of Pupil Services,
Medina City Schools
