A Funded Path to I-MTSS Success in Pennsylvania
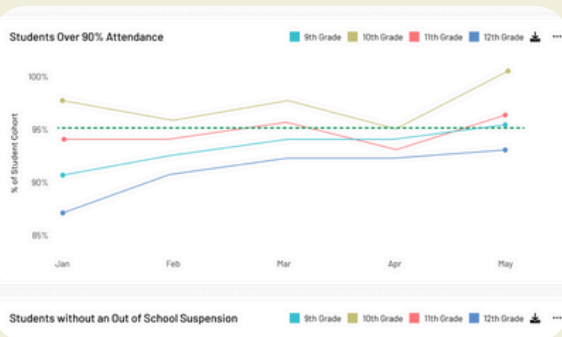

Branching Minds is aligned with PDE, designed for PA I-MTSS, and funded to support your district.

Built to Scale and Ready to Use

Centralized data from your key systems

Actionable insights for students, thoughtful supports for their needs

Measurable outcomes for students, schools, and systems

Branching Minds is Purpose-Built for I-MTSS:

PDE told PaTTAN. PaTTAN told the IUs. The IUs told you: **Build an I-MTSS system that works.**

But here's the thing—you don't need to build it from scratch. Branching Minds already did.

We're **fully aligned with PDE's MTSS guidance**, the PA I-MTSS model, and PaTTAN's training tools.

And PDE **awarded us funding to help districts like yours make it happen.**

Get your district up and running with I-MTSS.

Everything you need to launch I-MTSS that fits your district (today and tomorrow)

Centralized Data

Nightly syncs with SIS, benchmarks, behavior logs, and screeners bring all your data into one platform. Low maintenance and no frustrations.

Actionable Data, Thoughtful Supports

Guided plans, tier automation, and early warning flags guide next steps. See who needs support, why, and what to do.

Measurable Outcomes

Leadership Dashboards, Custom Reports, and Implementation Health Reports make it easy to track growth and MTSS fidelity across schools. Show impact with confidence.

BRANCHING MINDS

Make your MTSS vision a reality.
